

Quality Policy

KOSSCO is an ISO 9001:2008 certified company. To ensure the best possible system for managing our business we have implemented Quality Management into every aspect of our business. Our objective is one of continuous improvement in all aspects of the Integrated Management System, based on the principles of ISO 9001:2008.

The scope of the QMS is to maintain the highest quality of services to our customers in the following fields;

Provision of manpower to the Oil and Gas Sector

Freight forwarding, domestic and international

Provision of rental vehicles

Procurement and distribution service

Provision of rental accommodation

Provision of industrial training accredited to international institutions

KOSSCO will ensure that all personnel are aware of and committed to the ongoing application, maintenance and development of the Integrated Management System through regular auditing and appropriate training. The purpose and objective of the Integrated Management System is to ensure that services provided by the Company comply with the specified needs of Clients and Customers, together with the requirements of Regulatory bodies.

The Chief Executive Officer is in overall charge and has appointed the General Manager as the Quality Management Representative, to ensure the Integrated Management System is implemented and maintained. Appropriate resources, both financial and manpower will be allocated to the maintenance and continual development of Quality as recommended by the Management team, and approved by the Chief Executive Officer.

Brian (H.Y.) CHOI
Chief Executive Officer
