

Security Policy

In recognition of the growing threat of Security related issues, KOSSCO is committed to a policy of taking the best possible measures to protect our employees, visitors and the environment from such threats.

Safety in the Workplace

Preventing Fires in the Workplace

Evacuation Planning

Visitor Policy

Information Security

Workplace Violence

Medical Alert

The purpose and objective of the Security Policy is to enable collection and exchange of security information and provide a methodology for security assessments. The Chief Executive Officer is in overall charge and has appointed a Company Security Officer to ensure the Security Policy is implemented and maintained. The Company Security Officer will ensure that adequate and proportionate security measures are in place.

Appropriate resources, both financial and manpower will be allocated to the maintenance and continual development of Security as recommended by the Company Security Officer, and as approved by the Chief Executive Officer

Brian (H.Y.) CHOI
Chief Executive Officer
